THE SOCIAL WORLD

The Wining and Dining Goes Merrily On.

COMING EVENTS FRESHENED

Some Recent Perplexing Problems of Etiquette.

OTHER TIMELY TOPICS

Society is having a nice time between its other late diversions, discussing the troubles of those who entertain ambassadors, or who wish to do so, and when the President of the United States has the same worry on hand, the difficulties assume a phase of which everybody wants to express an opinion. In consequence now more people are willing to subscribe to Mr. John W. Foster's recent statement that the creation of ambassadors was a mistake so far as our plain American ideas are concerned.

At the diplomatic dinner last week the President's special Lady Pamelote to the table. Lord Pamelote took in Mrs. McKinley. The next ranking ambassador, Baron Pava, took in the wife of the Mexican ambassador, and to the Mexican ambassador was assigned the Baroness Hengelmuller. The moment the latter found out who her escort was to be she protested through her husband, the American minister, to the Secretary of State. A hasty consultation took place between the President, the premier of the administration and Col. Hingdon, with the result that the lady from the country which remembers the Maximilian episode was taken to dinner by a diplomat of lower station, and an equally satisfactory arrangement allowed the Mexican ambassador to partake of the executive salt beside another partner.

Mrs. A. S. Merham will leave to join her husband in Havana, Tuesday. She will be at home informally to her friends Monday evening, at 47 M street northwest.

Safe and Effective.

A CERTAIN CURE FOR A COMMON AND ANNOYING DISEASE.

Many people suffer from piles because after trying the many salves, ointments and lotions without relief, they have come to the conclusion that a surgical operation is the only thing left to try, and rather than submit to the shock and risk of life of an operation, prefer to suffer on.

Fortunately, this is no longer necessary, as a new preparation has been discovered, which cures every form of piles, without pain, inconvenience or detention from business.

It is in the form of suppositories, easily applied at night, is absolutely free from cocaine, opium or any injurious drug whatever, and no matter how severe the pain, gives instant relief, not by deadening the nerves of the part affected, but by soothing the inflamed tissue upon the congested, sensitive membrane.

The name of this preparation is Pyramid Pile Cure and is undoubtedly the most effective, safest and most extensively sold of any pile cure that has ever been placed before the public.

This preparation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, all druggists from Maine to California selling it at 50c. for full sized treatment, and in many cases a single package has been sufficient.

A person takes serious chances in neglecting a simple case of piles, as the trouble soon becomes very painful and chronic, frequently developing into fatal, incurable internal diseases like stricture and cancer of rectum.

Any druggist will tell you the Pyramid is the safest and most satisfactory pile cure known to the medical fraternity.
